

EEA MiFID II product governance / Retail investors, professional investors and ECPs target market –

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Securities, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority (**ESMA**) on 5 February 2018, has led to the conclusion that the target market for the Securities is eligible counterparties, professional clients and retail clients, each as defined in Directive 2014/65/EU (as amended, **MiFID II**). Any person subsequently offering, selling or recommending the Securities (a **Distributor**) should take into consideration the manufacturer's target market assessment; however, a Distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

UK MiFIR II product governance / Retail investors, professional investors and ECPs target market –

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Securities has led to the conclusion that the target market for the Securities is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (**COBS**), and professional clients, as defined in Regulation (EU) No 600/2014, as it forms part of domestic law by virtue of the **European Union (Withdrawal) Act 2018 (EUWA)** (**UK MiFIR**), and retail clients, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of EUWA. Any person subsequently offering, selling or recommending the Securities (a **Distributor**) should take into consideration the manufacturer's target market assessment; however, a Distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Securities (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (**EUWA**); (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the **UK Prospectus Regulation**).

In addition, the Final Redemption Amount may be less than the nominal amount of the Notes and the holders of Notes may lose all or part of the amount of the principal invested;
- 8) An investment in the Notes does not confer any legal or beneficial interest in the Underlying(s) or any voting rights, right to receive dividends or other rights that a holder of the Underlying(s) may have. Potential losses in value of the Notes cannot be compensated by other income; and
- 9) The Notes are not principal protected and investors are exposed to the performance of the Underlying(s); accordingly, they risk losing all or a part of their investment if the value of the Underlying(s) does not move in a positive direction.

A. Allmänt

Obligationerna som Emittenten kommer att emittera är strukturerade obligationer vars avkastning beror på utvecklingen av en korg av Index (var och en, en **Underliggande** indexerat "I"). Information avseende historisk och framtida utveckling för varje Underliggande(i) kommer publiceras via Bloomberg (Bloomberg Ticker SX5E, SPX, OMX, TPX). Obligationerna kommer endast identifieras genom ISIN-koden **SE0020996445**.

Obligationerna är denominerade i svenska kronor (**SEK**; även den **Specificerade Valutan**), och alla inlösenbelopp som är aktuella att betala kommer att erläggas i den Specificerade Valutan.

Det maximala nominella beloppet under de Obligationer som erbjuds är upp till SEK 200 000 000, som utgörs av 20 000 Obligationer med ett nominellt värde om SEK 10 000 vardera (det **Nominella Beloppet**). Emissionskursen är 104,25% av Obligationernas aggregerade nominella belopp.

Den Minsta Handeln är inte tillämplig.

Obligationerna kommer att emitteras den 7 december 2023 (**Emissionsdatumet**) i ocertifierad, dematerialiserad och kontobaserad form.

Obligationernas förfalldatum kommer att vara den 10 december 2029 (**Förfalldatumet**).

Obligationerna är underkastade engelsk rätt.

B. Värdering (Eng. *ratings*)

Ej tillämpligt, Obligationerna har ej värderats.

C. Beskrivning av rättigheter, rangordning och begränsningar som anknyter till Obligationerna

Rangordning: Obligationerna utgör direkta, icke-eftersälda och garanterade förpliktelser från Emittenten och kommer att rangordnas *pari passu* inbördes och (förutom med vissa undantag enligt lag) med lika rätt med alla andra osäkrade förpliktelser (förutom eftersälda förpliktelser, om sådana finns) av Emittenten, befintliga eller framtida.

Händelser för Förtida Inlösen (Eng. *Early Redemption Events*): villkoren för Obligationerna anger att vissa händelser kan utlösa en förtida inlösen av Obligationerna. Obligationerna kommer att förfalla i samband med att investerarna underrättas därom efter att någon sådan utlösande händelse för förtida inlösen inträffat.

Substitution: Crédit Agricole S.A. kan komma att substitueras av Crédit Agricole CIB som Garant vad avser Obligationerna, efter ett gemensamt beslut av Crédit Agricole S.A. och Crédit Agricole CIB, utan att samtycke behöver inhämtas från Obligationernas innehavare (**Obligationsinnehavarna**).

D. Ränta

Ingen löpande kupongränta betalas på Obligationerna.

E. Inlösen

C. Förbehåll i revisionsberättelsen

Revisionsberättelserna innehåller inte några förbehåll avseende den historiska finansiella informationen gällande Crédit Agricole CIB.

D. Huvudsakliga riskfaktorer rörande Garanten

Crédit Agricole CIB är främst exponerad för följande kategorier av risker i sin verksamhet:

- 1) Kredit- och motpartsrisker, vilka inkluderar kreditrisk för företagets och finansinstitutens motparter, risker för betydande sektor- eller individkoncentrationer, motpartsrisker för marknadstransaktioner, kreditrisker i samband med värdepapperiseringstransaktioner samt land- och statsrisker;
- 2) Finansiella risker, vilka inkluderar marknadsrisker, risk för värdeförändringar i värdepappersportföljen, valutakursrisker, likviditetsrisker, risk för värdeförändringar i aktieinvesteringar och globala ränterisker;
- 3) Operationella och därtill hörande risker, vilka inkluderar risker för regelefterlevnad och rättsliga risker och andra operativa risker, inklusive säkerhetsrisker för informationssystem;
- 4) Affärsrisker, som omfattar systemrisker (negativa effekter av ogynnsamma ekonomiska och finansiella förhållanden samt förändringar i lagar och förordningar) eller strategiska risker;
- 5) Klimatrelaterade risker; och
- 6) Risker relaterade till Koncernens struktur.

3.4 Vilka nyckelrisker är specifika för värdepapperen?

Det finns riskfaktorer som är väsentliga när det gäller att bedöma riskerna som är kopplade till Värdepapperen, inklusive följande:

- 1) Obligationernas marknadsvärde kan minska lika snabbt som det kan öka och Obligationssinnehavare kan lida total förlust av sin investering;
- 2) Obligationerna kan sakna marknadsefterfrågan när de emitteras, och någon kanske aldrig utvecklas. Om en marknad utvecklas kanske den inte är särskilt likvid. Illikviditet kan ha en väsentligt negativ inverkan på Obligationernas marknadsvärde;
- 3) Implementeringen i Frankrike av EU:s direktiv för inrättande av en ram för återhämtning och resolution av kreditinstitut och värdepappersföretag kan på ett väsentligt sätt påverka Obligationssinnehavarnas rättigheter, priset eller värdet på deras investering i Obligationerna och eller möjligheten för Garanten att leva upp till sina skyldigheter under Obligationerna;
- 4) Fransk obeståndsrätt kan ha en negativ inverkan på Obligationssinnehavare som söker återbetalning för det fall Emittenten, Garanten eller dess dotterbolag skulle hamna på obestånd och kunde ha en väsentligt negativ effekt på Obligationernas marknadsvärde;
- 5) Risker rörande Obligationernas och Garantins osäkrade egenskaper, frånvaron av åtagande att inte ställa tillgångar som säkerhet och begränsningar i möjligheten att ikläda sig skulder avseende Emittenten och Garanten, vilka samtliga kan ha en negativ effekt på Obligationernas marknadsvärde;
- 6) Möjligheten till frivillig inlösen kan påverka Obligationernas marknadsvärde negativt. Obligationssinnehavare kanske inte till fullo återfår sin investering;
- 7) Det Slutliga Inlösenbeloppet är beroende av ändringar i marknadsvärdet hos (de) Underliggande, vilket kan ha en negativ effekt på Obligationernas marknadsvärde. Dessutom, kan det Slutliga Inlösenbeloppet komma att bli mindre än Obligationernas nominella värde och innehavare av Obligationer kan förlora delar av eller hela av principalen av investeringen;
- 8) En investering i Obligationerna medför inte något juridiskt eller faktiskt intresse i Underliggande eller någon rösträtt, rätt till utdelning eller andra rättigheter som innehavare av Underliggande kan ha. Potentiella förluster i värde hos Obligationerna kan inte kompenseras genom annan inkomst; och

- 9) Obligationerna medför ingen garanti till återbetalning av initial investering och investerare exponeras för utvecklingen i Underliggande; därför riskerar de att förlora hela eller delar av sin investering om värdet på Underliggande inte rör sig i positiv riktning.
